

Friends of Monte Rio 2020 Annual Report

After just two months of Supper Club, the global pandemic shut down all activities for the rest of the year. FoMR did add a new board member, Damien Olsen, who had been active with the organization from the beginning, as the Easter bunny, DJ and all around enthusiast.

The Programs Committee met several times throughout the year to anticipate when to begin programs again and to discuss the adaptations that may be required. There are granted funds for programs on hold that will stay in reserve until such time as we can safely offer them.
